What is EquiPlan?

Following great customer feedback after the launch of the Wellness Plan, a direct debit health care scheme for our small animal owners, the Garston Veterinary Group devised EquiPlan so that all horse owners can give their horses the best in healthcare too!

EquiPlan is especially designed to provide comprehensive routine veterinary care for your horse.

The routine procedures detailed in the plan carry savings from our regular prices! In addition members will receive a 5% discount on all extra professional fees, e.g. visit, consultation time, x-rays, ultrasound scans, lameness work-ups. As you can see that could add up to quite a saving for you!

What's the catch? There is none!

We benefit from developing a closer, more regular relationship with you and your horse.

You benefit from the savings, continuity of veterinary care by your preferred vet and peace of mind.

In addition we have negotiated discounts from selected equine retailers for all our EquiPlan members, as well as a 10% discount on all Equistro products.

JOIN EQUIPLAN AND BE REASSURED THAT YOUR HORSE'S HEALTH IS CLOSELY MONITORED FOR AS LITTLE AS 66p PER DAY!
